## Executive Vice-President and Chief Legal Officer

**André J. Bourque joined CGI in 1999 and holds the position of Executive Vice-President and Chief Legal Officer. As such he leads a team of international lawyers located in the United States, Canada and Europe who are responsible for all legal affairs for both the parent company and its subsidiaries.**

His group is responsible for such areas as risk management, contract matters, mergers and acquisitions as well as litigation. The corporate insurance program is also under Mr. Bourque's responsibilities. Moreover, he is a member of the CGI Management Committee.

Prior to joining CGI, he was involved in the private practice of law, namely in technology and intellectual property transactions, including outsourcing and other strategic commercial alliances. Previously, Mr. Bourque held senior-level positions, notably with a leading international information technology (IT) company and a major financial conglomerate. He began his career as a trial lawyer with a prominent Montreal-based law firm where he was involved in civil and professional liability matters as well as in insurance law.

A member of the Quebec Bar and the Canadian Bar Association, André Bourque is involved with his community. He sits on the board of directors of the Fondation du centre de santé et de services sociaux Jeanne-Mance.

### CGI profile

Founded in 1976, CGI is among the largest independent information technology (IT) and business process services firms in the world. CGI and its affiliated companies employ approximately 27,000 professionals based in over 100 offices in 16 countries. CGI provides end-to-end services to clients worldwide, utilizing a flexible and cost efficient delivery model that combines on-site and off-site operations.

### Services and capabilities

From providing consulting and systems integration services to managing IT and business functions on behalf of our clients, CGI provides an all-encompassing offering that includes the planning, design, implementation and management of highly effective IT environments. Our global delivery capabilities include onsite, home-shore, near-shore and off-shore options, giving our clients the flexibility to choose the model that best meets their needs.

Through our vertical expertise in financial services, government and healthcare, telecommunications and utilities, retail and distribution and manufacturing, we provide clients with a partner that is not only expert in IT, but expert in their industries. This combination of business knowledge and technology expertise allows us to help our clients adapt as their industries change, and in the process, allows us to help evolve the industries in which we operate.
