

# Doug McCuaig

Senior Vice-President and General Manager  
Greater Toronto Area and Atlantic Canada

**Doug McCuaig is responsible for the business development and operation of the consulting, systems integration and business process management services (outsourcing) within the Greater Toronto Area and Atlantic Canada for CGI. He specializes in assisting organizations (in both the private and public sectors) develop and implement strategies to transform their businesses.**

Mr. McCuaig joined CGI in March 2004 from Cap Gemini Ernst & Young (CGEY) where he held the position of Senior Vice-President and Managing Director, Consulting Services, Canada. He began his career at Ernst and Young in 1989 (then referred to as Woods Gordon/Clarkson Gordon) and had been a Partner since 1995 as well as a member of the Partnership Board at Ernst & Young. Doug's Consulting Services practice at CGEY included strategy, customer relationship management (CRM), supply chain strategy and management (SCM), enterprise risk management and finance and employee transformation (FET).

Doug McCuaig sits on the International Advisory Board of Schulich School, York University, the Board of the Kids' Internet Safety Association (KINSA) and the IT Committee for Mount Sinai Hospital.

He holds an MBA, in marketing & international business, from McMaster University and completed his undergraduate studies at the University of Western Ontario and Ryerson University as well as taking extensive executive management training at Kellogg (Northwestern University in Chicago).

## CGI profile

Founded in 1976, CGI is among the largest independent information technology (IT) and business process services firms in the world. CGI and its affiliated companies employ approximately 26,500 professionals based in over 100 offices in 16 countries. CGI provides end-to-end services to clients worldwide, utilizing a flexible and cost efficient delivery model that combines on-site and off-site operations.

## Services and capabilities

From providing consulting and systems integration services to managing IT and business functions on behalf of our clients, CGI provides an all-encompassing offering that includes the planning, design, implementation and management of highly effective IT environments. Our global delivery capabilities include onsite, home-shore, near-shore and off-shore options, giving our clients the flexibility to choose the model that best meets their needs.

Through our vertical expertise in financial services, government and healthcare, telecommunications and utilities, retail and distribution and manufacturing, we provide clients with a partner that is not only expert in IT, but expert in their industries. This combination of business knowledge and technology expertise allows us to help our clients adapt as their industries change, and in the process, allows us to help evolve the industries in which we operate.
