

# Nazzic Turner

Senior Vice-President and General Manager  
U.S. South and Midwest

**Nazzic Turner is a Senior Vice-President and General Manager for CGI's U.S. operations. She has general management responsibility for the South and Midwest business unit, leading operations across twenty-nine states.**

Ms. Turner also has national responsibility for the telecommunications industry, infrastructure services outsourcing, and CGI's home-shore center of excellence. Previously, she was responsible for a global practice within the U.S. focused on the communications, media and entertainment industries.

Ms. Turner joined the company in 1998 after serving as Chief Information Officer for a start-up telecommunications company. Prior to that, she was a partner in the Ernst & Young telecommunications practice and ran a segment of the communications business unit for EDS.

She earned a Bachelors of Science degree in Business Administration from the University of Arizona, with a major in Management Information Systems.

## CGI profile

Founded in 1976, CGI is among the largest independent information technology (IT) and business process services firms in the world. CGI and its affiliated companies employ approximately 26,500 professionals based in over 100 offices in 16 countries. CGI provides end-to-end services to clients worldwide, utilizing a flexible and cost efficient delivery model that combines on-site and off-site operations.

## Services and capabilities

From providing consulting and systems integration services to managing IT and business functions on behalf of our clients, CGI provides an all-encompassing offering that includes the planning, design, implementation and management of highly effective IT environments. Our global delivery capabilities include onsite, home-shore, near-shore and off-shore options, giving our clients the flexibility to choose the model that best meets their needs.

Through our vertical expertise in financial services, government and healthcare, telecommunications and utilities, retail and distribution and manufacturing, we provide clients with a partner that is not only expert in IT, but expert in their industries. This combination of business knowledge and technology expertise allows us to help our clients adapt as their industries change, and in the process, allows us to help evolve the industries in which we operate.
